

Swarthmore College Student Health Portal

Swarthmore College Student Health Portal is available for managing your on-campus health needs and forms. You can access your Student Health Portal through your mySwarthmore account. From this portal you can securely access New Student Health forms, manage your immunization data as well as secure message health care providers.

Visit your mySwarthmore account today to access your Student Health Portal. Log into your mySwarthmore, select Worth Health Center, select Student Health Portal, choose Swarthmore College in the drop-down menu then log in with your Swarthmore username and password.

- Upload your immunization records
- Print health center visit statements
- Send and receive secure messages regarding your care
